H99

32W1

32W2

32B7

33W1

35W1

32B8

C

Chromosome variation observed in H99 isolates tagged on chromosome 13 with a neomycin resistance marker and selected for resistance to neomycin

H99 variant	Melanin	Chromosome	Other phenotypes
32W1	White	Chr 11, Chr 14	Giant cells
35W1	White	Chr 13, Chr 14	Giant cells, large capsule
34W2	White	none	
33W1	White	none	Large capsule
32B8	Black	none	
32B7	Black	Chr 13 partial 9, 14
