### Analytic Methods (Code)

The manuscript does not report any data analyses undertaken using code or scripts.

### Research Materials

In this section authors indicate the access route(s) for all types of research materials that will be fully shared. All materials will be publicly available and no barriers have been reported.

Type of research materials	Public availability	Availability barrier	Public access route	URL (if applicable)
Psychometric instrument(s) in paper form	ALL materials are publicly available	N/A - ALL materials are publicly available	Materials in Supplementary Information	NA
Non-clinical task(s) or measurement(s) in paper form	ALL materials are publicly available	N/A - ALL materials are publicly available	Materials in Supplementary Information	NA

### Design and Analysis Transparency

This article reports, for all studies, how the author(s) determined all sample sizes, all data exclusions, all data inclusion and exclusion criteria, and whether inclusion and exclusion criteria were established prior to data analysis.

**Preregistration**

The study procedures were not pre-registered.

The study analysis plans were not pre-registered.
